Fellow Angus Breeders and Cattlemen,

You are cordially invited to our 4th female sale.

This offering represents generations of quality backed by proven production cow families. Our focus still remains on the mother cow, with maternal strength and functional soundness to make problem-free cattle that will continue to be profitable for generations to come.

Please feel free to reach out with any questions or stop by and view the sale offering.

We look forward to seeing you on sale day!

Jack Clark

Plan now to be on hand for the Clark Farms 4th Dimension Female Sale with special guest Allen Creek Farm on Saturday, October 4, 2025, at Clark Farms, Hustontown, PA. This power-packed offering of foundation-quality females are backed by generations of the best in proven genetics from cow families made famous in the Rollin Rock, Jorgensen, N Bar and SAV programs. The females are breathtaking to view with incredible depth and quality throughout. The opportunity represented here are indeed rare and unique. Jack Clark and John Earle share a mindset in Angus genetics that excels in all the basics. As you study this sale book from cover to cover, make plans to attend this important event.

If you are establishing a new Angus herd or are serious about advancing your current program to a whole new level, certainly this sale affords great opportunity and lays the foundation for unlimited future potential. We look forward to seeing you sale day and invite you to call on us for assistance with your selection decisions. We are here to serve.

Sincerely,

Tom Burke

- This powerful and productive fourth-generation Clark Lady donor concentrates the proven performance genetics of the Pathfinder Sires SAV Resource 1441 and SAV Renown 3439 who are the only two full brothers to both rank in the top ten of the Angus breed for annual registrations for the last half century.
- Featuring predictable outlier performance, this cow records a progeny weaning ratio of 101 on three calves in the competitive Clark program, produced from an incomparable donor dam who consistently transmits her outlier scale, performance and angularity, and has earned a progeny weaning ratio of 112 on her first two natural calves.
- Clark Lady 1R9 6500, a maternal sister, was selected by Jason Willis as the \$32,000 top-selling Lot 1 female of the 2022 Clark Sale.
- This great cow traces to Ideal 4465 of 6807 4286, the feed efficiency matriarch who is the one-time record-selling Jorgensen cow and generated more than \$2.5 million in progeny sales, and further to the legendary EE 4286 of Ideal 2240 1254 who also produced the Pathfinder Sire Ideal 1418 of 8103 4286.
- **Bred to calve February 6, 2026 to SAV DEXTER 3594. Examined safe.**

"The first year that I used Renown the weaning weights of my bull calves increased by 211 pounds over the previous year. The next year when I used both Renown and Resource the weaning weights of my bull calves were 234 pounds higher than two years prior." – Jack Clark, Clark Farms

- This awesome second-generation Clark Eriskay donor stacks three consecutive generations of the breed's most highly-proven and respected Pathfinder Sires with SAV Resource 1441, N Bar Emulation EXT and DHD Traveler 6807, from the time-honored Eriskay cow family that has produced numerous prominent sires including the legendary Pathfinder Sire RR Rito 707.
- This cow records a progeny weaning ratio of 107 on her first natural calf, Clark Eriskay 3QA1 1RS12, who was the \$10,000 top-selling Lot 2 bred heifer of the 2024 Clark Sale to Voss Angus who also selected a maternal sister to this cow as the \$10,000 second top-selling Lot 3 open heifer of the 2022 Clark Sale, while a full sister was selected by Allen Creek Farm as the \$22,000 featured Lot 3 top-selling pregnancy of the 2023 Clark Sale, and another full sister was the top-indexing female of her calf crop at Buford Ranches with a yearling ratio of 121 and ribeye ratio of 122.
- Her proven dam has the unique distinction of being the all-time number one female of the breed for weaning weight, yearling weight and carcass weight among all daughters of N Bar Emulation EXT, the most widely-used sire in the history of the Angus breed.
- Bred to calve February 6, 2026 to SAV ROYAL FLUSH 2735. Examined safe with a sexed bull.

Performance donor by SAV Resource 1441 from the cow who holds the distinction of being the all-time top daughter of N Bar Emulation EXT for weaning weight, yearling weight and carcass weight, from the family that produced RR Rito 707.
